

REMARKS

Claims 1-45 are pending in the present application. In the above preliminary amendments, claim 3 has been amended to correct a minor editorial problem, and new claims 46-50 have been added.

Applicants respectfully request examination of the application with consideration of claims 1-50 as presented herein. Applicants believe claims 1-50 to be patentable and accordingly request early allowance of the application

Drawings

Applicants submit that the above amendments to the drawings do not make any substantive changes or introduce any new material, but are simply the correction of typographical errors. Applicants further submit that the amendments are consistent with the specification as originally submitted. Therefore, approval and entry of the above amendments are respectfully requested.

Specification

Applicants provide herewith amendments to the specification. The amendments to the specification are made by presenting marked up replacement paragraphs which identify changes made relative to the immediate prior version.

The changes made are primarily typographical or grammatical in nature, or involve minor clarifications of awkward wordings.

Applicants believe these changes add no new matter to the application and are fully supported by the original disclosure.

REQUEST FOR ALLOWANCE

In view of the foregoing, Applicants submit that all pending claims in the application are patentable. Accordingly, reconsideration and allowance of this application are earnestly solicited. Should any issues remain unresolved, the Examiner is encouraged to telephone the undersigned at the number provided below.

Respectfully submitted,
